ANNOUNCEMENT.

Please Read.

In presenting this Wholesale List for the Fall of 1871, I take great pleasure in stating that my stock is finer than for years past; and I must call your special attention to the following articles:

Apple Trees.

Are one of my specialties; never did finer trees grow on the prairies of Illinois, than grows this year. I make a great specialty in Evergreens, especially Irish Junipers, trained in the most handsome shape to meet the naked eye. Apple Stocks and Root Graft are another specialty. This nursery has been extensively known all over the west as the Blooming Grove Nursery, W. P. Wills & Son Proprietors, but on the 19th of November, 1870, the senior partner departed from this nursery here below, to work in that nursery not made with hands eternally in Heaven—rest kind parent your labor is at an end; under all the loss of a great pillar, I now call on all the old customers for a share of their liberal patronage.

My stock is complete—not managed by disinterested hired men, but run and superintended by myself in person. I shall guarantee varieties true to name.

The Packing Season.

The season for Packing generally begins about the 15th o October, continuing until the middle of November, or later owing to the season; in spring about the 15th of March, and throughout May.

Terms and Conditions.

My terms must be CASH, I will not send out my stock on any other terms, unless by special agreement.

Careful attention is given to packing, for which I will only charge cost of material and labor. All my stock is delivered at the depot or Express office, free of charge; after which it is entirely at the resk of the purchaser. The present railroad freights on trees in boxes per 100 pounds is as follows: to Dubuque 206 miles 78c: Freeport 136 miles 50c; Dixon 103 miles 50c; Mendota 75 miles 42c; LaSalle 59 miles 38c; El Paso 17 miles 20c; Decatur 43 mls. 30c; Pana 75 miles 42c; Centralia 130 miles 58c; Cairo 248 miles 85c; Chicago 125 miles 50c; Joliet 88 miles 59c; Springfield 56 miles 40c; St. Louis 150 miles 55c; Danville, 70 mls. 44c; Peoria. 40 mls. 35c; Indianapolis, 125 mls. 58c. Write your name plain and be sure and give Post Office, County and State; remit by P. O. order, Bank draft or Express or Register letter will come safe at my risk, do not make out long lists. I reserve the right to select varieties, but fill orders as near as possible. Send 10 cents for descriptive catalogue. Address, Jas. M. Wills.

The following prices are for Stock on the Packing grounds; selections left to the purchaser as far as possible, if you are not accustomed with varieties then leave it to the Nurseryman.
